

## Curriculum vitae

### 1. General information

**Surname:** Rohani

**Forename:** Mahdi

**Birth date:** 13<sup>th</sup> Jun. 1979

**Place of birth:** Qom- Iran

**Marital status:** married

**Nationality:** Iranian

**Updated:** 16.04.2016

### 2. Present position:

PhD, in Medical Microbiology

Assistant Professor of Microbiology Dep., Pasteur Institute of Iran

### 3. Contact info:

**Address:** Microbiology Department, Pasteur Institute of Iran, 69 Pasteur Ave.,  
1316943551. Tehran, Iran.

**Phone:** +98-21-64112230. +989137163673

**Tele/Fax:** +98-21-66 40 55 35

**Email:** Kia.rohani@gmail.com

### Web pages:

ResearchGate [\[Web Link\]](#)

GoogleScholar [\[Web Link\]](#)

### 4. Previous positions:

Lecturer of Microbiology and Immunology Dep. of Kashan University of Medical Sciences,  
Sept. 2006 until Sept. 2010.

### 5. Education and degrees:

High School diploma in Experimental sciences, 1997

Bachelor of Science in Microbiology from Tehran University, 2003

Master of Sciences in Medical Bacteriology from Mashhad University of Medical Sciences,  
2006

PhD. in Medical Bacteriology, Pasteur Institute of Iran, 2009-2016

### 6. Title of thesis:

Evaluation of Prevalence of Beijing Genotype of Mycobacterium Tuberculosis in Mashhad  
City by Spoligotyping Method. (Msc, Thesis)

Isolation and phenotypic and genetic characterizations of *Lactobacillus* spp. with properties of probiotic from human gut normal flora. (PhD Thesis)

### **7. Skills and expertise:**

Medical skills (as a general practitioner), Molecular biology techniques (PCR, RT-PCR, Real time PCR, Cloning, electrophoresis), Mammalian cell techniques (culture) Animal studies (mouse), Immunologic tests (Immunization, ELISA)

#### **7.1.1. Language skills:** Persian (native language)

### **8. National courses/ workshops attended:**

**2015:** The 3rd Iranian Congress of Medical Bacteriology, Iran university of Medical Sciences, Iran

**2014:** Epidemiology field of Plague Disease, Pasteur Institute of Iran, Akanlu, Kabudar Ahang, Hamedan, Iran

**2013:** The 2th Iranian Congress of Medical Bacteriology, Tehran, Iran

**2009:** Lecturer in 1th workshops on Food-Borne Diseases, Kashan University of medical sciences, 2009.

**2009:** Lecturer in workshop "Vibrio: Identification and Epidemiology" Kashan University of medical sciences, 2009.

**2008:** Lecturer in 19th National Congress of Tuberculosis, Zanjan University of medical sciences, 2008.

**2007:** Real Time PCR & Classical Diagnosis of Pertussis, Pasteur Institute of Iran, Iran

**2006:** Molecular Techniques in Diagnosis & Typing of Infectious Diseases, Pasteur Institute of Iran, Iran

### **9. Awards:**

First rank in Ph.D. entrance exam. Ministry of Health and Medical Education, 2009.

First rank of graduated PhD students from Pasteur Institute of Iran, 2016

### **10. Publications:**

1. Meysam Hasannejad Bibalan, Morteza Eshaghi, **Mahdi Rohani**, Mohammad Reza Pourshafi, Malihe Talebi. Determination of Bacteriocin Genes and Antibacterial Activity of *Lactobacillus* Strains Isolated From Fecal Healthy Individuals. Winter 2017, Vol 6. [ESCI, PubMed].

2. Papizadeh M, Nahrevanian H, Rohani M\*, Hosseini SN, Shojaosadati SA. *Lactobacillus rhamnosus Gorbach-Goldin* (GG): A Top Well-Researched Probiotic Strain. J Med Bacterial. 2016; 5 (5, 6): pp.32-49. *(Corresponding Author) (Review Article)*
3. N. Noohi, G. Ebrahimipour, **M. Rohani**, M. Talebi & M. R. Pourshafie. Evaluation of potential probiotic characteristics and antibacterial effects of strains of *Pediococcus* species isolated from broiler chickens. British Poultry Science. 2016; <http://dx.doi.org/10.1080/00071668.2016.1169247>. [ISI, PubMed, IF: 0.93].
4. **Rohani M**, Noohi N, Talebi M, Katouli M, Pourshafie MR. Highly Heterogeneous Probiotic *Lactobacillus* Species in Healthy Iranians with Low Functional Activities. PLoS ONE. 2015; 10(12): e0144467. [ISI, PubMed, Scopus; IF: 3.24].
5. F Bagheri Amiri, M Saifi, MM Gouya, **M Rohani**, E Mostafavi. Comparison of an interferon-gamma release assay and the tuberculin skin test for diagnosis of latent tuberculosis in homeless people in Iran: a cross-sectional study. Infectious Diseases. 2015; 47 (8), 536-541. [ISI; IF: 1.7].
6. Bagheri Amiri F, Gouya MM, Saifi M, **Rohani M**, Tabarsi P, et al. Vulnerability of Homeless People in Tehran, Iran, to HIV, Tuberculosis and Viral Hepatitis. PLoS ONE. 2014; 9(6): e98742. [ISI, PubMed, Scopus; IF: 3.73].

Evaluation of frequency of Beijing genotype of Mycobacterium tuberculosis isolated from tuberculosis patient in Mashhad city, Iran. Journal of Mazandaran University of Medical Sciences. 2007; 17(60): 79-86. (In Persian). *(Corresponding Author)*

#### **10-1: Books**

**2010, 2013 and 2016: M. Rohani**, M. Torfeh, M.M. Amiri and S. Esmaili, Jawetz, Melnick & Adelbergs Medical Microbiology 25 and 26e. Asar-e-Sobhan and Jafari Press, Tehran, Iran (Translated to Persian).

#### **11. Fields of interest:**

General and Molecular Bacteriology (Antibiotic Resistance, Epidemiology)

Food Microbiology and Probiotic Research.

#### **12. Some current and previous projects:**

Evaluation of accuracy of Multiplex PCR in MRSA detection. Kashan University of Medical Sciences. 2006-2010

Evaluation of accuracy of Multiplex PCR in Detection of Mycobacterium tuberculosis in Sputum sample. Kashan University of Medical Sciences. 2006-2010

Evaluation of genotype of ESBL producing Gram Negative Bacilli from Hospitalized Patients. Kashan University of Medical Sciences. 2008-2010.

Vulnerability to HIV, tuberculosis and viral hepatitis of homeless people in Tehran, Iran. Pasteur Institute of Iran. 2011-2012

Evaluation of probiotic *Lactobacillus* strains effect on prevention and treatment of inflammatory bowel disease in mice in-vivo model. Pasteur Institute of Iran. 2014- 2015.

Evaluation of domestic probiotic *Lactobacillus spp.* on Wnt signaling pathway in in vitro and colorectal cancer mouse model. 2016- count

Evaluation of different molecular weight fractions derived from *Lactobacillus reuteri* supernatant affecting on inflammatory mediators in macrophage-like PMA-differentiated THP-1 cells and invasion factors in colon cancer stem like cells enriched from HT-29 cell line. 2016- count

Evaluation of gut microbiota in patient with inflammatory bowel disease and comparison with normal population. 2016- count

### **13. PhD and MSc project supervision:**

Mitra Motallebi: Prevalence and multi-drug resistance of enteropathogenic *Escherichia coli* (EPEC) isolated from children under 5 years of age with diarrhea in Kashan Shahid Beheshti Hospital. 2009-2010

Roya Ghanavati: Investigation the interaction between Wnt and Notch signaling pathways in colon cancer cells in the vicinity of potential probiotic *Lactobacillus* species. 2016- Contd

Moslem Papizadeh: Developing a Semi-Industrial Bioprocess Plant for Biomass Production of Probiotic Strains of *Lactobacillus* Isolated from Iranian Population and Analysis of Their Biological Products and their Activities in Fermentation Conditions. 2016- Contd
